

# Bell 206B Jet Ranger II

## GPU Connecting – Check List

### 1. ELECTRICAL O/H PANEL

| Check List :                      |                                 |
|-----------------------------------|---------------------------------|
| GEN SWITCH                        | <input type="checkbox"/> OFF    |
| BAT SWITCH                        | <input type="checkbox"/> OFF    |
| DEFOG BLOWER SWITCH               | <input type="checkbox"/> OFF    |
| PITOT HEAT SWITCH                 | <input type="checkbox"/> OFF    |
| DIR GYRO & ATT IND SWITCH         | <input type="checkbox"/> OFF    |
| GEN RESET CIRCUIT BREAKER         | <input type="checkbox"/> OUT    |
| GEN FIELD CIRCUIT BREAKER         | <input type="checkbox"/> OUT    |
| HEAT VENT SWITCH                  | <input type="checkbox"/> OFF    |
| ANTI COLL LT SWITCH               | <input type="checkbox"/> OFF    |
| INST LT DIMMER                    | <input type="checkbox"/> MIDDLE |
| POS LT CIRCUIT BREAKER            | <input type="checkbox"/> IN     |
| ENG HEAT CIRCUIT BREAKER          | <input type="checkbox"/> OUT    |
| START ENG CIRCUIT BREAKER         | <input type="checkbox"/> OUT    |
| IGN ENG CIRCUIT BREAKER           | <input type="checkbox"/> OUT    |
| GOV CONT CIRCUIT BREAKER          | <input type="checkbox"/> OUT    |
| HYD BOOST CIRCUIT BREAKER         | <input type="checkbox"/> OUT    |
| ENG XMSN/TEMP IND CIRCUIT BREAKER | <input type="checkbox"/> OUT    |
| FUEL VALVE CIRCUIT BREAKER        | <input type="checkbox"/> OUT    |
| FUEL QTY PRESS CIRCUIT BREAKER    | <input type="checkbox"/> OUT    |
| FUEL BOOST FWD CIRCUIT BREAKER    | <input type="checkbox"/> OUT    |
| FUEL BOOST AFT CIRCUIT BREAKER    | <input type="checkbox"/> OUT    |

| <b>Check List :</b>         |                              |
|-----------------------------|------------------------------|
| TOT IND CIRCUIT BREAKER     | <input type="checkbox"/> OUT |
| CAUTION LT CIRCUIT BREAKER  | <input type="checkbox"/> OUT |
| COCKPIT LT CIRCUIT BREAKER  | <input type="checkbox"/> OUT |
| INST LT CIRCUIT BREAKER     | <input type="checkbox"/> OUT |
| LDG LT CIRCUIT BREAKER      | <input type="checkbox"/> OUT |
| CARGO HOOK CIRCUIT BREAKER  | <input type="checkbox"/> OUT |
| VHF CIRCUIT BREAKER         | <input type="checkbox"/> IN  |
| ICS SPEAKER CIRCUIT BREAKER | <input type="checkbox"/> IN  |
| ADF CIRCUIT BREAKER         | <input type="checkbox"/> IN  |
| ATC CIRCUIT BREAKER         | <input type="checkbox"/> IN  |
| RADIO MASTER SWITCH         | <input type="checkbox"/> OFF |
| ENCODER CIRCUIT BREAKER     | <input type="checkbox"/> IN  |
| TURN IND CIRCUIT BREAKER    | <input type="checkbox"/> OUT |

## **2. INSTRUMENT & RADIO PANELS**

| <b>Check List :</b>       |                                 |
|---------------------------|---------------------------------|
| FUEL VALVE SWITCH         | <input type="checkbox"/> OFF    |
| NAVCOM TRANSCEIVER        | <input type="checkbox"/> OFF    |
| ADF RECEIVER              | <input type="checkbox"/> OFF    |
| ATC TRANSPONDER           | <input type="checkbox"/> OFF    |
| BRT DIM CAUTION LT SWITCH | <input type="checkbox"/> MIDDLE |
| ENGINE DEICING SWITCH     | <input type="checkbox"/> OFF    |
| CONTROL BOOST SWITCH      | <input type="checkbox"/> OFF    |

### 3. COLLECTIVE CONTROL

| Check List :   |                                  |
|----------------|----------------------------------|
| THROTTLE       | <input type="checkbox"/> CUT OFF |
| LDG LTS SWITCH | <input type="checkbox"/> OFF     |
| GOV RPM        | <input type="checkbox"/> MIDDLE  |

### 4. GPU

|                               |  |                      |   |
|-------------------------------|--|----------------------|---|
| <b>GPU MAKE &amp; MODEL :</b> |  |                      |   |
| <b>PRIMARY ENERGY :</b>       |  | <b>MAX CURRENT :</b> | A |
